

PREFERRED CATERERS LIST

The Greensboro Science Center does not have an exclusive caterer or a caterer on site. However, there are local caterers that often provide full catering services at the GSC. We work with the list of caterers below on a regular basis and highly recommend any one of them for your event.

CATERING REQUIREMENTS

Clients are permitted to work with caterers not listed above. However, all caterers must provide a copy of their liability insurance and ABC privilege license before they can be approved to serve food or drink at the GSC. The GSC reserves the right to decline a caterer. Caterers are responsible for the setup, serving, and cleanup of all items they bring to the venue. Daytime rentals are not permitted to have alcoholic beverages therefore an ABC license is not required for daytime catered events.
